

MORE FROM WOOD.

Egger P5

Precision engineered
T&G flooring board

Part of the EGGER
ADVANCED
Structural Flooring System

Product Description

An enhanced moisture resistant tongue and groove structural flooring board, EGGER P5 is specified for use in internal conditions only. Every board is manufactured in the UK using diamond-tipped tooling to achieve a precision tongue and groove profile for a tighter, more consistent board joint.

- Suitable for use in damp or humid environments, such as bathrooms and kitchens
- Profiled on all four sides for quick and easy installation
- Smooth surface for subsequent laying
- Specified by the NHBC for new-build applications
- Raw materials sourced locally to minimise transport emissions
- Manufactured to the specification of EN 312
- CE and FSC® certified

Product Information	
Size	2400 x 600 mm
Weight	1.5 tonnes
Board thickness	18 mm, 22 mm
Boards per pack	80, 64

When used as part of the EGGER Advanced Structural Flooring System, EGGER P5 is covered by our EGGER Advanced Lifetime Guarantee (See reverse).

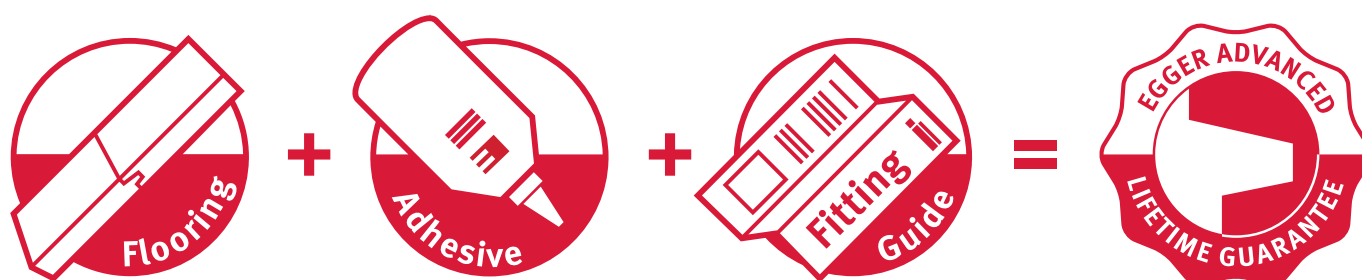

Technical specification (in accordance with EN 312)

General requirement	Test method	Unit	Specification
