# PREMIER 125 GRIPSURE NON-SLIP DECKING IN STOCK NOW!

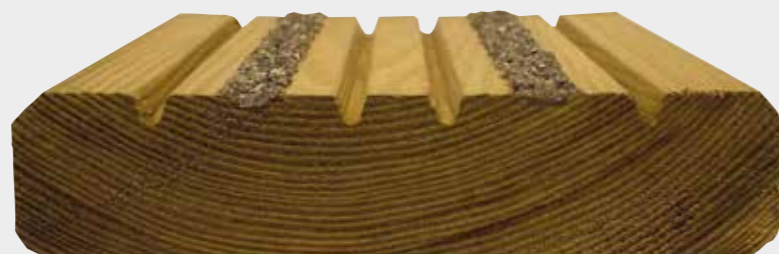

Quality pressure treated redwood decking, featuring non-slip inserts for a safer, low maintenance outdoor space.

- Overall average PTV rating: 80 (extremely low risk of slipping)
- Expected service life of 15-20 years
- Low maintenance
- Industry-leading 15 year non-slip performance warranty
- Manufactured in the UK from high-quality Northern European Redwood Pine
- Weathers to an attractive silvery grey; can be stained or oiled to maintain original colour

Sizes: 32 x 125mm (28 x 120mm finished size) in lengths 3.6m, 4.2m, 4.8m

Premier 125 Gripsure is ideal for outdoor public spaces, stepped areas & walkways for a greater level of safety; theme parks, holiday parks, forestry areas, marinas, campsites, pub gardens, fisheries, residential gardens, local authority-managed spaces.

**SPAX**®

Remember to order decking frame timber, specialist decking screws & accessories for installation

- Stainless steel
- Designed to minimise creaking of the deck board
- Cylindrical head to pull flush into the wood for a flawless finish
- Fixing thread permits a safe & permanent connection
- No pre-drilling needed for Premier 125 Gripsure
